When I grow up I'd like to move back to San Francisco because I grew up there and it makes me feel very happy

I was born in Barcelona, on December 5th in the year 2000. My entire family is Peruvian, but me and my brothers were born here. I am 15 years old.

I think my life here in Spain has been much easier than it would've been in Peru, economically speaking. I would like to visit Peru because I've only been there once when I was six, but I don't remember it.

When we came back from the U.S, we moved to Valencia and lived there for three years.

We moved once again back to Barcelona when I was twelve years old and we are currently living there.

I go to school at INS Vall D'Hebron. I'm in 4th grade (10<sup>th</sup> grade). It's my last year of ESO.
