

Bryan Alexis Ruiz Garcia

Genealógico Bryan, Carlos.E y Alison Ruiz Garcia

My grandparents are from Ecuador. My mother was born in 1976 and my father was born in 1971. They met when they were young and they married when my mother was 19 years old and my father was 24 years old. After a year they had his first son. My bigger brother was born in 1995 and my middle sister was born in 1997. My grandfather (my mother's father) died in a car accident. Later on my father traveled to Spain to search for a job and he returned to Ecuador. I was born in 2000 and we went to Spain when I was a baby. We have lived in Spain since 2000. First my mom and my dad worked in a hotel and then she became a waiter and my father started working as a plumber. After some time my paternal grandfather died of a heart attack. I was born on 22.12.2000 in Ecuador, Quito. I think I am lucky to be born in Ecuador and to live in Spain. I like Ecuador but only for visit, as I dislike the food there and also like Spain more. We visit Ecuador every year since two years ago because my grandmothers live in there and my cousins too. In the future, I do not know if I will live in Ecuador or in Spain. At the moment, I prefer to be in Spain.
