

ISMAEL MARTÍNEZ SÁNCHEZ

Where is my family from?

All my family is from Spain but my grandparents are from different regions of this country

My parental grandparents are from El Moralejo, a village near Murcia, in the south of Spain. They came to Barcelona on 1956.

My maternal grandparents are from Toril, a village in Teruel. They came to Barcelona in 1936 because in this year the Civil War started.

How do I feel?

I'm 15 years old. I'm from Barcelona, Spain. I feel great in my school. There are a lot of people from different countries and all of them are accepted. In the future I want to continue living in this city. I love Barcelona. But in the future when I retired I want to live in the village of the parents of my mother, because living in a village is so relaxing.
