

Óscar Sánchez

My family and I are from Barcelona. My parents met in Catalunya and some years later had to move to Badia del Vallès to work.

Finally, they returned to Barcelona to have me and my brother there.

My school- Institut Vall d'Hebron- is a great one, in spite of having a bad reputation. It is impossible not to have friends there. And these 4 years in the school have been the best in my life.

Barcelona is a very tourist city and a very nice place.
